SECTION XXXI

BUY AMERICAN PROVISION REQUIREMENTS FOR FOOD ITEM COMPONENTS

Vendor shall comply with the **Buy American Provision** for all solicitations and contracts that involve the purchase of food, USDA Regulation (7 CFR Part 250 and 7 CFR Part 210). The vendor is required to utilize, to the maximum extent practicable, domestic commodities and products. This requirement pertains to component items. It does not include spices, sauces, etc. Livingston Parish Public Schools participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practical, to buy domestic commodities or products for Program meals. A "domestic commodity or product" is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR Part 210.21 (d). Section 12(n) of the National School Lunch Act defines "domestic commodity or product" as an agricultural commodity that is produced in the U.S. and a food product that is processed in the U.S. Substantially means over 51% of the final processed product (by weight or volume) must consist of agricultural commodities that were grown domestically. The Buy American provision must be followed in all procurements where funds are used from the nonprofit food service account, whether directly by an SFA or on its behalf.

Exceptions to the Buy American provision should be used as a last resort; however, an alternative or exception may be approved upon request. To be considered for the alternative or exception, the request must be submitted in writing to a designated official, a minimum of 14 days in advance of delivery.

Alternative substitutes(s) that are domestic and meet the required specifications:

1. The product A food is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
2. Competitive bids reveal the cost of a U.S. food is significantly higher than the non-domestic product.

The vendor must identify all food products bid by the Company that do not meet the definition of "domestic" on the Buy American Provision Certificate (attached). If the vendor wants to deliver a non-domestic product that was not approved at the time a bid, quote, or RFP award, then Livingston Parish Public Schools Child Nutrition Department must be notified in sufficient time to evaluate the non-domestic product to determine whether the non-domestic product will be accepted or not.

NOTE: THE BUY AMERICAN PROVISION CERTIFICATION FORM INCLUDED WITH THIS BID MUST BE COMPLETED, SIGNED, AND RETURNED WITH THIS BID FOR THE BID TO BE CONSIDERED. IF NO PRODUCTS ARE TO BE LISTED ON THIS FORM, THE FORM STILL NEEDS TO BE SIGNED AND RETURNED WITH THE BID FOR THE BID TO BE CONSIDERED.

SECTION XXXII

PROCUREMENT OF RECOVERED MATERIALS

A Non-Federal entity that is a state agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines (2 CFR Part 200.322).

SECTION XXXIII

When possible, Livingston Parish Public Schools Child Nutrition Department shall ensure small businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are considered as set forth in 2 CFR 200.321.

Such considerations include:

1. These business types are included on solicitation lists.
2. These business types are solicited whenever they are deemed eligible as potential sources.
3. Dividing procurement transactions into separate procurements to maximize participation by these business types.
4. Establishing delivery schedules that encourage participation by these business types (i.e., the percentage of an order to be delivered by a given date of the month).
5. Utilizing organizations such as Small Business Administration and the Minority Business Development Agency of the Department of Commerce.
6. Requiring a contractor under a Federal award to apply to this section to subcontracts.
